

DIETARY INTAKE DATA

What We Eat in America

NHANES 2017-2018

Food and Nutrient-Related Variables

- For each food and beverage, including water, consumed by a survey participant:
 - Name, identified by a USDA food code and description
 - Amount consumed, in grams
 - Amounts of food energy and 64 nutrients/food components provided by each food/beverage
 - Identification of items eaten in combination (e.g., cereal with milk added)
 - Separate ingredients coded for many salads and sandwiches
 - Day of week
 - Eating occasion name (breakfast, lunch, etc.)
 - Time when each item was consumed
 - Source of food/beverage (where obtained)
 - Whether the food/beverage was eaten at home or not
- For each survey participant:
 - Daily aggregates of energy and 64 nutrients/food components
 - Whether the day's intake was usual, much more than usual, or much less than usual
 - Salt type and use in food preparation and at the table
 - Whether on a special diet and type of diet
 - Frequency of fish/shellfish consumption in past 30 days (participants age 1 year or older)

Sample and Data Collection

- Nationally representative sample of individuals of all ages that reside in households
- Oversampled Asians; Hispanics; blacks; low-income whites/others; whites/others 80+ years
- Day 1 dietary recalls for 7,641 individuals, all ages; Day 2 dietary recalls for 6,639 individuals, all ages
- Two nonconsecutive days of dietary intake using 24-hour recalls
 - Day 1 in-person at the Mobile Exam Center
 - Day 2 from central NHANES telephone center
- Five-step USDA Automated Multiple-Pass Method (AMPM) used for collecting interviewer-administered
 24-hour dietary recalls
- Bilingual interviewers

USDA Food and Nutrient Database for Dietary Studies 2017-2018

- Database of foods and beverages, their nutrient values, and weights for typical portions
- Used to process What We Eat in America, NHANES 2017-2018
- Used in research projects to analyze What We Eat in America data, and in other dietary intake studies
- For complete list of nutrients/food components, see other side...
